13 Confirm that the VPN status shows as Connected.

The mac client remains persistent in the menu bar even if you are not connected to the VPN.

If you wish to quit the client entirely, from a command line type:
launchctl unload /Library/LaunchAgents/com.paloaltonetworks.gp.pangp*

To launch the client again:
launchctl load /Library/LaunchAgents/com.paloaltonetworks.gp.pangp*
